PROFESSIONAL SUMMARY

Motivated Information Technology undergraduate with strong foundational knowledge in software development, databases, and web technologies. Passionate about applying technical skills to solve real-world problems, with a growing interest in artificial intelligence and data-driven systems. Proven leadership experience as a class representative and a strong team player both inside and outside the IT field.

EDUCATION

Bachelor's Degree in Information Technology (In Progress)
Limkokwing University of Creative Technology
Completed up to 3rd Year, 1st Semester

John Maund High School

Masapong Primary School

TECHNICAL SKILLS

- Programming Languages: C++, Python
- Web Technologies: Web Application Development, Web Design
- Databases: Database Management Systems (DBMS)
- Software Engineering: Principles of Software Engineering
- IT Support: Computer Support and Troubleshooting

ACADEMIC & TECHNICAL PROJECTS

AI-Based Student Performance Prediction System
- Developed an AI-driven project to predict whether students are likely to graduate, remain enrolled, or drop out based on academic performance indicators.
- Focused on data analysis, model evaluation, and interpretation of results to support early intervention strategies.

LEADERSHIP & ACTIVITIES

Class Representative (Year 1 – Year 3)
- Acted as a liaison between students and lecturers.
- Demonstrated leadership, communication, and organizational skills.

Extracurricular Activities:
- Soccer (Team participation and discipline development)
- Choral Music (Team collaboration and performance)

WORK EXPERIENCE

No formal IT work experience yet. Actively seeking opportunities to gain practical industry exposure.
